

Ted Mueller Candidate for Town of Concord Supervisor

I have been honored to serve the township of Concord for the last six years as a supervisor. I have shown great dedication to this position by not missing a regular monthly meeting within those six years. I have lived in Jefferson County all 41 years of my life and have lived in the township of Concord for 38 years. I am for a rural township while protecting landowner rights. I always look to responsibly spend your tax dollars in the best possible ways and look forward to serving the people of the township of Concord for another two years.
