Standards for Rezoning out of A-1 Exclusive Agricultural and N Natural Resource per 91.48 Wisconsin State Statutes and 11.11(c)6 Jefferson County Zoning Ordinance:

Land that is zoned A-1, Exclusive Agricultural or N, Natural Resource may be rezoned to a zoning district that is not a certified farmland preservation zoning district if all of the following criteria are met and the Jefferson County Planning and Zoning Committee finds the following:

- (a) The land is better suited for a use not allowed in the A-1 or N district.
- (b) The rezoning is consistent with the County Comprehensive Plan.
- (c) The rezoning is substantially consistent with the Jefferson County Agricultural Preservation and Land Use Plan.
- (d) The rezoning will not substantially impair or limit current or future agricultural use of surrounding parcels of land that are zoned for or legally restricted to agricultural use.
- (e) There will be adequate public facilities to serve the proposed and potential land use changes that would be enabled by the rezoning.
- (f) The burdens on local government for providing the needed services to the proposed and potential land use changes that would be enabled by the rezoning are reasonable.
- (g) The development will not cause unreasonable air or water pollution, soil erosion, or adverse effects on valued natural areas.
- (h) The soil productivity rating has been considered in the location of the area proposed for rezoning.
- (i) The remaining A-1 parcel shall front on a public road for a minimum distance of at least sixty-six (66) feet. Access to the lot shall be provided within this frontage.
